#### Purpose of report

- 

#### Recommendation

***It is recommended that the Authority adopts the draft Fire Authority Annual Report 2018-19 and approves it for publication, subject to any final minor changes as agreed by the Chief Fire Officer in consultation with the Chairman.***

#### Introduction and Background

2. The Service produces a Fire Authority Annual Report as part of its corporate planning process. The Annual Report for 2018-19 presents an overview of the Service's activities in 2017-18, including a summary of overall performance and achievements, and outlines plans for 2018-19. The Report is a separate enclosure at Appendix 1.
3. The document is prepared in a style ready for publication on the Service website, so that it is easier to read and access. This is part of our aim to improve community engagement with, and understanding of, the work of the Service.
4. This year's annual report comes at a time when the West Mercia Police and Crime Commissioner has been given approval by the Government to assume the governance of both Shropshire and Hereford & Worcester Fire and Rescue Services. The formal handover from the current Fire Authority is due to take place in June 2018, followed by the establishment of a formal alliance between the two Fire and Rescue Services. Therefore, this will be the last Fire Authority Annual Report in the present format.
5. The handover will be closely followed by an independent inspection of the Service's effectiveness and efficiency by Her Majesty's Inspectorate of Constabulary and Fire & Rescue Services as part of the Government's wider Fire Reform agenda. As such, the Annual Report will be an important source of information about how the Service has been performing over the last year, its achievements and challenges, and its plans for the coming year.
6. The 'Saving More Lives' vision, introduced in last year's Annual Report, is becoming firmly embedded in the Service's overall philosophy and ways of

working. Therefore, this year's Annual Report continues to highlight some of the main areas of activity in 2017-18 under the vision's three main themes: Understanding Community Risk; Responding in the Time of Need; and Preventing Harm and Promoting Wellbeing.

## Conclusion/Summary

7. Subject to Authority approval, the finalised report will be published on the Service website.
