Report of the Head of Legal Services

7. Draft Annual Governance Statement 2014/15

Purpose of report

- 1. To consider evidence compiled during the self assessment review which provides the assurances that sit behind the Annual Governance Statement.
- 2. To put forward the Draft Annual Governance Statement 2014/15 for approval.

Recommendations

It is recommended that the Draft Annual Governance Statement 2014/15 be approved.

Introduction and Background

- 3. Governance is about how the Authority ensures that it is doing the right thing, in the right way for the right people in a timely, inclusive, open, honest and accountable manner. It comprises the systems and processes, cultures and values, by which the Authority is directed and controlled and through which it accounts to and engages with its communities.
- 4. The Accounts and Audit (England) Regulations 2011 require that the Fire Authority reviews its arrangements for governance and systems of internal control at least on an annual basis. To meet this requirement, the operation of the Authority's governance arrangements is subject to an annual self assessment against the CIPFA (the Chartered Institute of Public Finance and Accountancy) and SOLACE (the Society of Local Authority Chief Executives) framework.
- 5. The annual self assessment review sets out the evidence of how the Authority has performed against the CIPFA/SOLACE framework and identifies any actions that are needed for the forthcoming year. Following the review the Authority is required to develop its Annual Governance Statement which must be published alongside the Statement of Accounts by 30 September.

Annual Governance Statement

6. The Annual Governance Statement is essentially a summary of the governance arrangements of which Members are familiar. It reports publicly on the extent to which the Authority's governance arrangements have met the values, principles and best practice, as set out in the Authority's Code of Corporate Governance. Likewise, should the Authority have any significant governance weaknesses these will also be disclosed publicly within the Annual Governance Statement.

- 7. The Annual Governance Statement is a backward looking document up to the date of the approval of the Statement of Accounts i.e. 28 September 2015. The draft Annual Governance Statement is attached at Appendix 1.
- 8. It includes how the Authority has monitored the effectiveness of its governance arrangements, setting out any planned changes for the current period and sets out to:
 - identify the Authority's obligations and objectives;
 - identify tasks to achieve those objectives:
 - establish controls to manage risks; and
 - ensure the controls are working effectively.
- 9. The Annual Governance Statement has been audited by the External Auditors who examine it as part of their work on the financial statements and the Value for Money Conclusion, which are included in the External Audit Findings 2014/15 which is reported elsewhere on the agenda for this meeting.
- 10. In addition to the Annual Governance Statement, the Authority is required to publish an Annual Statement of Assurance, as required by the revised Fire and Rescue National Framework that was published by Government in July 2012. The Annual Statement of Assurance is reported elsewhere on the agenda for this meeting.

Self- Assessment

- 11. The evidence compiled during the self assessment review forms the assurances that sit behind the Annual Governance Statement and is attached at Appendix2. The self assessment document also includes an Action Plan for 2015/16 to incorporate any areas that need to be developed in the forthcoming year.
- 12. The self assessment uses the CIPFA/SOLACE Framework that sets out 55 requirements for the Authority to meet. Officers have assessed exisiting arrangements and documents against these requirements and the status of of how the Authority complies with each requirement is included.
- 13. Members will note from the self-assessment that the Authority has provided evidence of compliance with all the core and supporting principles of good governance. The results of the self-assessment show that the Authority fully complied with 51 out of 55 requirements in 2014/15.
- 14. There were no areas where immediate action was required. However, there are 4 areas which indicate that the Authority complies with the requirements but some minor actions are necessary as documents and arrangements are due for further review. These areas include the following minor actions that have been incorporated as actions for 2015/16:
 - the review of Standing Orders for Regulation of Contracts has not yet been completed and is still on-going;
 - the Financial Regulations are still due for review;

- the development of a Register of Interests for Senior Officers and the Review of the Gifts & Hospitality Protocol;
- further awareness raising of the Whistleblowing Policy once the review is complete.
- 15. Further assurances are included at Appendix 3. These assurances relate to the expanded requirements from the Chief Financial Officer Statement as reflected in the local Code of Corporate Governance.

Conclusion/Summary

- 16. The Annual Governance Statement reports publicly on the extent to which the Authority's governance arrangements have met the values, principles and best practice, as set out in the Authority's Code of Corporate Governance. Likewise, should the Authority have any significant governance weaknesses these will also be disclosed publicly within the Annual Governance Statement.
- 17. The Committee has delegated responsibility to approve the Annual Governance Statement which will accompany the Statement of Accounts that will be published by the end of September. The draft Annual Governance Statement is attached together with the relevant assurances for consideration.

Corporate Considerations

Resource Implications (identify any financial, legal, property or human resources issues)	The Annual Governance Statement provides assurance for Members that effective governance arrangements are in place.
Strategic Policy Links (identify how proposals link in with current priorities and policy framework and if they do not, identify any potential implications)	The Annual Governance Statement links with 'Our Strategy' as it demonstrates how the Authority ensures the delivery of quality services.
Risk Management / Health & Safety (identify any risks, the proposed control measures and risk evaluation scores)	The Annual Governance Statement provides assurance for Members that effective governance arrangements are in place.
Consultation (identify any public or other consultation that has been carried out on this matter)	The Annual Governance Statement incorporates comments from both Internal and External Auditors.
Equalities (has an Equalities Impact Assessment been completed? If not, why not?)	No this has not been necessary as the Annual Governance Statement is a summary of existing arrangements. There are no new proposals set out that would need to be assessed in terms of equalities.
