

Report of the Head of Legal Services

Members' Allowances Scheme 2018/19

Purpose of report

1. To consider whether to make any alterations to the Members' Allowances Scheme for 2018/19 in light of the change in the Consumer Price Index to December 2017.

Recommendation

It is recommended that Members determine the level of Members' Allowances for 2018/19.

Introduction and Background

2. The Authority is required to make a scheme each year for its Members to be paid a basic annual allowance, under the Local Authorities (Members' Allowances) (England) Regulations 2003. Authorities may also make provision for other allowances, for example for those Members with special responsibilities or for travel and subsistence. The proposed 2018/19 budget for Members' Allowances is £51,300. The Regulations allow for authorities to refer to an index for the purpose of any annual adjustments to the levels of allowances.

Consumer Price Index

3. The Authority uses the Consumer Price Index (CPI) for the purpose of annually adjusting Members' Allowances, however the Authority has not taken any uplift since 2008 with the exception of the decision taken in February 2016, which provided a slight increase of 0.2% for the financial year 2016/17.
4. The Office of National Statistics has reported that the CPI rose by 3% in the year to December 2017. By way of example, an increase of 3% would equate to an additional £34.97 on the current basic allowance of £1,165.80 and would increase the total annual cost of Members' Allowances by approximately £1,539. It is anticipated that this increase could be met within the existing budget.

Conclusion/Summary

5. The Authority has previously used the CPI to make any necessary annual adjustments to its Members' Allowances Scheme. Should the Authority approve an uplift in Members' Allowances for 2018/19 in line with the CPI this would

result in an additional £34.97 on the current basic allowance of £1,165.80 and would increase the total annual cost of members' allowances by approximately £1,539.

Corporate Considerations

Resource Implications (identify any financial, legal, property or human resources issues)	The proposed budget for Members' Allowances is £51,300. An increase due to the CPI increase could be met within the existing budget.
Strategic Policy Links (identify how proposals link in with current priorities and policy framework and if they do not, identify any potential implications).	None directly.
Risk Management / Health & Safety (identify any risks, the proposed control measures and risk evaluation scores).	None directly.
Consultation (identify any public or other consultation that has been carried out on this matter)	None.
Equalities (has an Equalities Impact Assessment been completed? If not, why not?)	The basic allowance payable is determined by the Regulations, however the current Members' Allowances Scheme also includes a Dependents' Carers' Allowance to assist those Members with caring responsibilities in carrying out their approved duties.
