### **Hereford & Worcester Fire and Rescue Authority** Budget 2011/12: Explanation of Variations in Appendix 1

<u>Less: One-Off Strengthening of Balances</u>
As the final tax-base figures from Billing Authorities were significantly better than forecast, and there was a considerable net surplus on the collection fund, the additional resource was used to increase revenue balances as a one off measure.

Impact of 2010/11 Pay Awards

As there were no pay awards in 2010/11 the base budget provision has a consequential saving in 2011/12 budgets.

### LGPS - Increased Contribution Rate

The latest valuation of the Worcestershire Pension Fund requires an increase in annual employer

### Non-pay inflation

Averages 3% overall, with higher provision for fuel, business rates and utilities

Impact of Asset Management Plan & Vehicle Strategy
The changes reflect the overall additional capital financing charges arising from the capital programme. The impact shown includes interest, provision for repayment and vehicle lease rentals. It is net of the current Treasury Management position in relation to risk and consequent interest receivable.

Expiry of Grant
Planned ending of use of LPSA1 Reward Grant to support Community Safety Initiatives.

Additional RDS Training

Provision to increase RDS staff training time

### Property Maintenance

Provision for additional maintenance costs as investment in major refurbishment is over a longer timescale than was previously expected,

Firelink Net Service Costs

The FRS begins to pay for the significant cost of the new radio system (Firelink) in 2011/12. Although this is partially offset by grant from DCLG, the figure represents the net extra cost after grant and savings from the old system are taken into account

Reduction in ACFO post

The removal of 20% of the senior management team (25% of the operational posts) and redistribution of roles, tasks and responsibilities amongst the remaining staff, without any compensating salary increases.

Fire Control Pay

During 2010/11 a small number of Control staff were working on preparation for the introduction of a regional Control Centre. Part of the costs of these staff were funded by the national RCC project. As this project has now been cancelled, this funding is no longer available.

Additional Public Holiday
Staff actually working on public holidays are paid a premium rate for work on that day; the extra public holiday in 2011 has a direct financial cost.

### Council Tax Freeze Grant

Council Tax Treeze (Janu.

As a consequence of not increasing the Council Tax Precept the FRA is eligible for this government grant, equal to 2.5% of the 2011/12 precept. Regulations require that it is shown as income in the Net Budget Requirement figure rather than with other government grants.
